

Trustly Goods LLC

Your trusted online retail partner.

We help brands, manufacturers and authorized distributors grow on Amazon, with authentic inventory, strict MAP compliance and listings that protect your brand's value.

ABOUT US

Trustly Goods LLC is a family-run online retailer based in Lewisville, Texas. Founded in 2025 by Long Nguyen, we sell to customers nationwide on Amazon, mostly through Fulfillment by Amazon for fast Prime delivery, plus select merchant-fulfilled orders.

Our mission: sell only authentic products, protect the value of every brand we carry, and give customers an experience that reflects well on our partners.

WHY BRANDS PARTNER WITH US

1. Strict MAP compliance

Your MAP is a hard floor in our pricing. We never list below it.

2. Authentic, traceable supply

We buy your products only from you or your authorized distributors, with invoices on file for every order.

3. Listing optimization

With your approval, we improve titles, bullet points, images and A+ Content to raise conversion and grow your sales.

4. Amazon expertise

FBA logistics, fast Prime shipping, Amazon-compliant review requests, and ongoing listing and policy compliance.

5. Brand protection

We sell only on channels you approve, never resell to other sellers, and alert your team to hijackers and counterfeit offers.

6. Consistent reorders

Predictable purchase orders and clear forecasts based on real sales data.
